*Above: Although entirely new except for the hemlock floor and original beam ceiling, the inviting kitchen reflects the charm of an earlier time. Soapstone countertops oiled to a dark hue and wainscot paneling furnish informal country accents.*

SINK: ELKAY. FAUCET: CHICAGO FAUCETS. MIXER: KITCHENAID. COFFEEMAKER: KRUPS.

*Pocket windows that open onto the dining room allow the chef to socialize with guests during meal preparation. A dramatic counterpoint to the dark soapstone, the light tones of the cabinetry create the illusion of spaciousness.*
